On behalf of the persons and/company or entity named above, I pledge these commitments to my neighbors:

1. I want to be a part of a substantial effort, by concerned Augusta County landowners who face dealings with Dominion's Atlantic Coast Pipeline Project, to join efforts to:
  - 1.1 Refuse to sign any easement or other agreement with Dominion prior to the granting of a certificate of need and public necessity.
  - 1.2 Procure group legal services to negotiate standard easement terms and conditions if needed.
  - 1.3 Develop a body of expertise of legal, appraisal, water, geological, agricultural, and other specialties to support landowner negotiations and possible litigation with Dominion concerning its desire to obtain easements for its pipeline project.
2. I understand the group will be organized as Virginia Easement Action Team (V.E.A.T.), a not-for-profit group under the auspices of the Augusta County Alliance.
3. I will encourage others along the pipeline route to cooperate with V.E.A.T. and join the coalition. By doing so, I will not enter into any easements or confidentiality agreements with Dominion or any of its representatives prohibiting me from sharing information. Further, I will not divulge information learned from V.E.A.T. to persons associated with Dominion or the ACP.
